4.2.1 Library is automated using Integrated Library Management System (ILMS)

Response:

Library is automated using Integrated Library Management System(ILMS) • Name of the ILMS software: LMS (LIBRARY MANAGEMENT SOFTWARE)

LIBRARY MANAGEMENT SOFTWARE (Year 2021-23)

- **Nature of Automation** : Library is fully automated
- **Version** : 1.0.0.1

As on 23.08.2021, library has a book collection of 12046 books and journal 1539 For library management, college has purchased 'ILMS' Library Software (scan library) from the academic year 2021-23. Software is upgraded time to time through the Annual Maintenance Contract. One terminal is reserved for students to search information of availability and issue of books. Web based library software enabled with Web OPAC (Online Public Access Catalogue) is available through a single window where complete information about the users along with circulation status, fine status, contact details, reading and circulation history, etc.

Various types of reports can be generated using the above mentioned software which is useful for various committees and inspections from time to time. Issue/Return of books is fully automated and manual cards are kept as supporting documents for students and faculty.

Bar-coding Book issue and return is carried out with the help of barcode system. Each book and user's borrower card is bar coded.
