6.1.1

The institutional governance and leadership are in accordance with the vision and mission of the institution.

VISION OF THE INSTITUTION

“To transform society into one where a majority possesses legal knowledge, shifting the focus beyond solely producing advocates and judicial officers.”

MISSION OF THE INSTITUTION

1. Democratize Legal Education: Develop and offer accessible legal education programs and initiatives catering to a broader audience beyond aspiring lawyers and judges.
2. Cultivate Critical Legal Literacy: Foster a learning environment that equips students with not only legal knowledge but also the ability to critically analyze legal issues, understand their practical implications, and apply them in real-world scenarios.
3. Embrace Innovation and Technology: Integrate technology and innovative teaching methods into the curriculum to enhance accessibility, engagement, and the relevance of legal education for a changing world.
4. Promote Community Engagement: Actively engage with communities through legal literacy services, public awareness campaigns, and collaborative initiatives with social organizations and policymakers. This will bridge the gap between legal knowledge and its practical application within society.
5. Nurture Ethical and Socially Responsible Students: Inculcate ethical values, social responsibility, and a commitment to promoting access to justice within the student body. This ensures graduates are not just legally skilled but also responsible contributors to a more just and equitable society.
