The college organized The International Day of Yoga on 21st June 2019, which is celebrated all over the world. This idea was proposed by our honorable Prime Minister, Mr. Narendra Modi. He said, "Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being."

International Yoga Day was celebrated by the students and teachers at D.P. Vipra law college with great enthusiasm. Students of grade I and X demonstrated various yoga asanas. Warm up exercises were taken and all the students performed sitting and standing asana, importance of these were explained simultaneously. Essay writing and Slogan making competition based on Yoga was held in the School. The celebration concluded with synchronized recitation of slogans and speech by our Principal. She encouraged students to practice regular yoga to remain fit and improve concentration.

The program ended with pledge taken by all the students teachers as well as principal to perform Yoga in day to day life.

The International Yoga Day Logo was displayed to the students. The Physical Education Teachers explained to the students that the brown leaves symbolize the Earth element, the green leaves symbolize the Nature, blue symbolizes the Water element, brightness symbolizes the Fire element and the Sun symbolize the source of energy and inspiration. The logo reflects harmony and peace for humanity, which is the essence of Yoga. The students performed Pranayama (breath control) and other asanas were also taught to them. Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well.

N.S.S. D.P. Vipra Law College to make change in thinking of society and Our aim is to over all improve the status of women in our society, stop female feticide, empower women, respect women, celebrate womanhood and inspire every household to "Celebrate the birth of a female child", In independent India, with changing times girls have proved that they are no less than boys in any field. Nowadays everybody is of the opinion that putting women only in the confines of home is a waste of talent and resources as letting them out and providing them with equal opportunity could be more productive and valuable for the society and nation. If the society would be more supportive towards women then it would let them blossom and develop into a more confident human being. The Rally started from D.P. Vipra law college to ashok nagar square and ended by the speech of honorable coordinator Atal Bihari Vajpayee University Dr. Manoj Sinha.

In observance of World Environment Day, the N.S.S. at D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) orchestrated a dynamic program aimed at raising awareness about the pressing environmental issues threatening our planet and empowering individuals to become proactive agents of change. With the participation of six teachers and forty-five students, our collective efforts sought to inspire a collective consciousness towards environmental sustainability.

The theme of World Environment Day, "Ecosystem Restoration," underscores the urgent need to reverse the damage inflicted upon our ecosystems and preserve biodiversity for present and future generations. Through various educational activities and engaging discussions, our program shed light on the interconnectedness of human actions with the health of the planet, emphasizing the detrimental effects of pollution and climate change.

Participants were educated about the adverse impacts of pollution on air, water, and soil quality, as well as its repercussions on human health and biodiversity. Additionally, the looming threat of climate change was elucidated, highlighting its far-reaching consequences, from extreme weather events to rising sea levels and habitat destruction.

Furthermore, our program equipped attendees with practical strategies and actionable steps to mitigate environmental degradation and contribute towards global efforts to combat climate change. From adopting sustainable lifestyle practices to advocating for policy changes and supporting conservation initiatives, each individual was encouraged to embrace their role as stewards of the environment.

9. **Descriptions:**

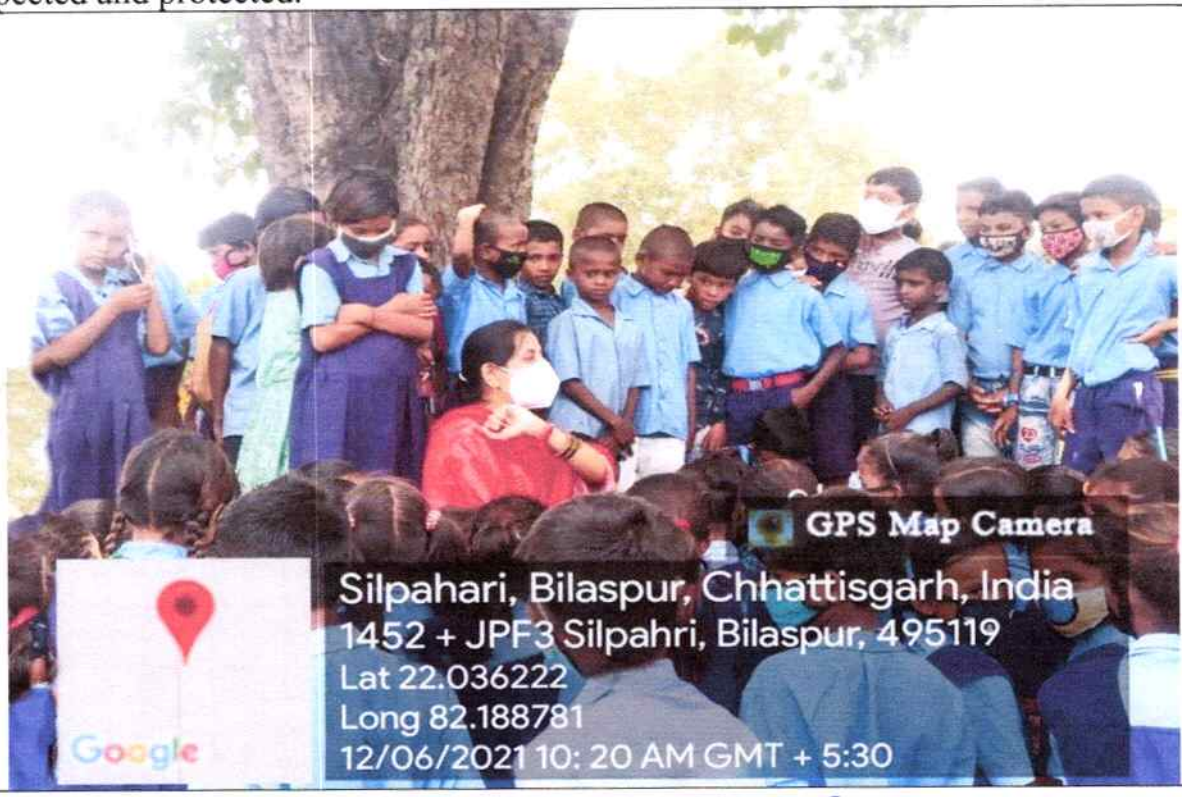

On the occasion of World Day Against Child Labour, the N.S.S. at D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) is dedicated to the mission of eradicating child labour and empowering vulnerable children to secure a brighter future. With a firm commitment to social justice and human rights, our institute aims to raise awareness and take concrete actions towards the elimination of child labour in our community.

Child labour is a grave violation of children's rights, depriving them of their childhood, education, and dignity. It perpetuates cycles of poverty and exploitation, hindering the overall development of society. Therefore, our program focuses on addressing the root causes of child labour and implementing strategies for its prevention and eradication.

Through informative sessions, interactive workshops, and community outreach initiatives, we aim to educate both children and adults about the harmful consequences of child labour and the importance of protecting children's rights. We will engage with local communities in Silpahri, Bilaspur (C.G.), to raise awareness about alternative solutions and support mechanisms available to families and children vulnerable to exploitation.

Furthermore, we will collaborate with local authorities, NGOs, and other stakeholders to strengthen enforcement mechanisms and advocate for policies that prioritize child protection and welfare. Our goal is to create a supportive environment where children are encouraged to pursue education and personal development, free from the pressures of exploitative labour.

With the noble mission of giving more than mere participation in blood donation campaigns, our college aims to instill a sense of responsibility and altruism in our students.

The act of donating blood is not merely a gesture; it is a lifeline for those in need. Each drop of donated blood has the potential to make a significant difference in someone's life. Through this event, we seek to educate our students about the critical need for blood donations, especially in emergencies, surgeries, and for patients suffering from various medical conditions.

Our program includes informative sessions, interactive workshops, and engaging activities designed to dispel myths and misconceptions surrounding blood donation. We will emphasize the safety and importance of the donation process, ensuring that our students feel confident and empowered to contribute to this noble cause.

Moreover, we will showcase testimonials from individuals whose lives have been saved through blood donations, illustrating the profound impact that each donation can have on both donors and recipients. Through these real-life stories, we aim to inspire compassion

Awareness campaign was conducted by volunteers of national service scheme D.P. Vipra College about prevention of global pandemic Covid-19 slogans related to Covid-19, its precautions and symptoms.

The program encompasses a multifaceted approach to raising awareness about COVID-19 vaccines and their importance in combating the pandemic. Here's a breakdown of the activities involved:

Educational Workshops and Seminars: The NSS department conducts workshops and seminars featuring healthcare professionals, epidemiologists, and public health experts who provide comprehensive information about COVID-19 vaccines. These sessions cover topics such as vaccine efficacy, safety, side effects, distribution, and the vaccination process. Participants have the opportunity to ask questions and address concerns, fostering informed decision-making regarding vaccination.

Information Dissemination Campaigns: The NSS department disseminates information about COVID-19 vaccines through various channels, including social media, posters, leaflets, and newsletters. Fact-based messaging is shared to counter misinformation and rumors surrounding vaccines, emphasizing the scientific evidence supporting their safety and effectiveness. The aim is to reach a wide audience and encourage individuals to seek reliable information from trusted sources.

Interactive Webinars and Q&A Sessions: Interactive webinars and Q&A sessions are organized to engage participants in discussions about COVID-19 vaccines. Experts provide insights into vaccine development, regulatory approval processes, and ongoing vaccination efforts. Participants are encouraged to actively participate, share their experiences, and address any doubts or hesitations they may have about getting vaccinated.

Peer-to-Peer Outreach: NSS volunteers engage in peer-to-peer outreach activities to promote vaccine awareness and encourage uptake among their peers. They engage in one-on-one conversations, group discussions, and virtual meetings to address questions, dispel myths, and encourage vaccine acceptance. Peer educators serve as trusted sources of information, leveraging their influence to inspire confidence in vaccination.

Community Engagement Events: The NSS department organizes community engagement events, such as awareness drives, rallies, and street plays, to reach out to the broader community. These events raise awareness about the importance of vaccination, encourage community members to get vaccinated, and provide information about vaccination centers and eligibility criteria. Collaborations with local health authorities and NGOs enhance the reach and impact of these events.

Through the Covid-19 Vaccination Awareness program, the NSS department of our college plays a vital role in promoting public health and contributing to efforts to control the spread of the virus. By empowering individuals with accurate information and fostering a culture of vaccine acceptance, the program aims to accelerate vaccination uptake and protect communities against COVID-19.

Participants were educated about the benefits and eligibility criteria of the scheme, empowering them to make informed decisions regarding insurance coverage and financial planning. Through a series of outreach activities along Old High Court Road from Gandhi Chowk to D.P. By collaborating with local authorities, NGOs, and other stakeholders, we aim to create a supportive environment conducive to informed decision-making and sustainable development. As we commemorate World Population Day, let us reaffirm our commitment to promoting reproductive health, empowering individuals, and building a future where every person has the opportunity to thrive and contribute to society. 9.	**Descriptions:** On the occasion of World Tiger Day, the N.S.S. at D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) organized a significant program at the Achanakmar Tiger Reserve, aimed at raising awareness among students about the importance of tiger conservation and the protection of their species. Under the leadership of Principal Dr. Annoo Bhai Soni, our initiative sought to inspire action and advocacy for the preservation of these majestic creatures and their natural habitats. The tiger, an iconic symbol of strength, beauty, and wilderness, is facing unprecedented threats due to habitat loss, poaching, and human-wildlife conflict. Through informative sessions, interactive workshops, and guided tours of the Achanakmar Tiger Reserve, participants gained insights into the ecological significance of tigers and the urgent need to safeguard their future. Principal Dr. Annoo Bhai Soni delivered a poignant speech emphasizing the importance of tiger conservation and the collective responsibility of individuals, communities, and governments to protect these endangered species. His words resonated with attendees, inspiring a sense of duty and commitment towards the preservation of tigers and their habitats. Participants were educated about the various threats facing tigers, including illegal wildlife trade, habitat fragmentation, and human encroachment. They learned about the vital role of tiger reserves, national parks, and protected areas in providing safe havens for tigers to thrive and reproduce.

	Moreover, our program highlighted the interconnectedness between tiger conservation and broader environmental issues such as biodiversity loss, ecosystem degradation, and climate change. Participants were encouraged to adopt sustainable practices and promote wildlife-friendly policies in their communities to create a conducive environment for tiger conservation. Through immersive experiences and hands-on activities, students gained a deeper appreciation for the beauty and importance of tigers in our natural world. By fostering a sense of empathy, respect, and stewardship towards these magnificent creatures, we aim to instill a lasting commitment to their conservation among future generations. As we celebrate World Tiger Day, let us renew our pledge to protect and preserve these iconic species for generations to come. Together, we can make a difference and ensure a future where tigers continue to roam freely in the wild, enriching our planet with their presence and vitality.

Awareness campaign was conducted by volunteers of national service scheme D. P. Vipra Law College about prevention of global pandemic Covid-19 slogans related to Covid-19, its precautions and symptoms.

The Corona Vaccination Camp organized by our college was a crucial initiative aimed at promoting public health and safety by facilitating access to COVID-19 vaccines for students, faculty, staff, and members of the local community. Recognizing the importance of vaccination in controlling the spread of the virus, our college partnered with healthcare authorities and local government agencies to host the camp on campus.

Leading up to the vaccination camp, extensive planning and coordination were undertaken to ensure a smooth and efficient process. This involved securing necessary approvals, arranging for vaccine supplies, setting up vaccination stations, and implementing safety protocols in accordance with public health guidelines.

On the day of the vaccination camp, students eagerly participated in the vaccination drive, demonstrating their commitment to protecting themselves and others from COVID-19. Prior to receiving the vaccine, participants underwent a screening process to assess their eligibility and ensure their suitability for vaccination.

	Trained healthcare professionals administered the vaccines, providing information and guidance to recipients throughout the process. Strict infection control measures were observed to maintain a safe and hygienic environment, including the use of personal protective equipment, physical distancing, and sanitation protocols. Students who received the vaccine demonstrated a sense of responsibility and solidarity with their peers and the wider community. By getting vaccinated, they contributed to the collective effort to achieve herd immunity and bring an end to the pandemic, thus enabling a return to normalcy and the resumption of in-person learning and activities. In addition to receiving the vaccine, students also actively volunteered at the vaccination camp, assisting with registration, crowd management, and logistics. Their involvement helped ensure the smooth operation of the camp and enhanced the overall experience for participants. The Corona Vaccination Camp organized by our college and the enthusiastic participation of students underscored the importance of community collaboration and collective action in the fight against COVID-19. It served as a shining example of the role that educational institutions can play in promoting public health and fostering a culture of responsibility and solidarity among students and the broader community.

Against the backdrop of India's Independence Day celebrations, the tree planting initiative symbolized a commitment to the nation's prosperity and well-being through the preservation and restoration of natural resources. Students were encouraged to honor the sacrifices of the past by contributing to the preservation of the environment for future generations.

The event began with an inspirational session highlighting the significance of trees in maintaining ecological balance, mitigating climate change, and enhancing the quality of life. Descriptions:

National Service Scheme of D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) on 03/01/2022 on the celebration of Good will Day. Gave information related to sexual abuse and good touch and band touch. The parents were motivated to keep their children safe from Childs sexual abuse.

Understanding Good Touch - Bad Touch: The motivation camp likely began with an educational session on the concept of good touch and bad touch. Students were sensitized about the importance of recognizing and differentiating between appropriate and inappropriate physical contact, especially concerning children. This understanding forms the cornerstone of safeguarding children from potential abuse and exploitation.

Empowerment through Knowledge: Participating students were empowered with knowledge about the signs and indicators of child abuse. They learned how to identify behaviors or situations that might indicate a child is experiencing inappropriate touching or exploitation. This knowledge equips them to intervene and seek help when necessary, thereby becoming proactive agents in protecting children within their communities.

PRINCIPAL
D.P. VIPRA LAW COLLEGE
Bilaspur (C.G.)

Legal Framework and Responsibilities: As law students, participants likely received insights into the legal framework surrounding child protection and rights. They learned about relevant laws and regulations pertaining to child abuse and the responsibilities of individuals and institutions in safeguarding children's well-being. This aspect of the camp would have enhanced students' understanding of their role as future legal professionals in advocating for and upholding children's rights.

Communication and Advocacy Skills: The camp may have included workshops or interactive sessions focused on communication skills and advocacy techniques. Students would have learned how to effectively communicate with children about sensitive topics like abuse, as well as how to engage with parents, teachers, and other stakeholders in raising awareness and promoting child safety initiatives.

Role-plays and Scenarios: To reinforce learning and practical application, role-plays and scenario-based activities might have been conducted during the camp. Students would have had the opportunity to practice responding to simulated situations involving potential instances of good touch and bad touch, thereby honing their ability to recognize and address such situations in real life.

Community Outreach and Awareness: Beyond the college campus, participating students may have been encouraged to engage in community outreach and awareness campaigns on the topic of child safety. This could involve organizing workshops or sessions in local schools, community centers, or other relevant venues to educate children, parents, and caregivers about good touch and bad touch, as well as the importance of creating safe environments for children to thrive.

Overall, the "Good Touch - Bad Touch" motivation camp organized by D.P. Vipra Law College reflects the institution's commitment to promoting social awareness and responsibility among its students. By equipping future legal professionals with the knowledge, skills, and empathy needed to address issues of child safety, the college contributes positively to the well-being of society as a whole.

National Service Scheme D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) organized Breast Cancer Awareness Campaign by NSS unit on 3rdOctober 2021, Breast cancer is a significant health concern affecting millions of women worldwide. In our commitment to health education and community well-being, D. P. VIPRA LAW COLLEGE, is proud to announce its Breast Cancer Awareness Programme. This initiative aims to educate, empower, and support our college community in the fight against breast cancer

The Breast Cancer Awareness Programme organized by our college at the village level is a vital initiative aimed at educating and empowering rural communities about breast cancer prevention, early detection, and treatment.

Recognizing the importance of raising awareness about breast cancer, our college collaborates with local health authorities, community leaders, and nonprofit organizations to organize this program. The goal is to reach underserved populations in rural areas where access to healthcare and information about breast cancer may be limited.

The programme typically begins with a series of educational workshops and seminars conducted by healthcare professionals, oncologists, and breast cancer survivors. These sessions cover essential topics such as the signs and symptoms of breast cancer, the importance of regular breast self-examinations, and the benefits of early detection through mammograms and clinical screenings.

PRINCIPAL
D.P. VIPRA LAW COLLEGE
Bilaspur (C.G.)

In addition to educational sessions, the programme may include interactive activities such as role-playing scenarios, group discussions, and Q&A sessions to engage participants and address their concerns and misconceptions about breast cancer.

To make the information more accessible and understandable to the villagers, educational materials such as pamphlets, brochures, and posters are distributed, providing practical tips and resources for breast cancer prevention and screening.

Furthermore, the programme often includes free or subsidized breast cancer screening camps, where women in the village can undergo clinical breast examinations and mammograms. These screening camps are essential for detecting breast cancer at an early stage when it is most treatable and can significantly improve outcomes.

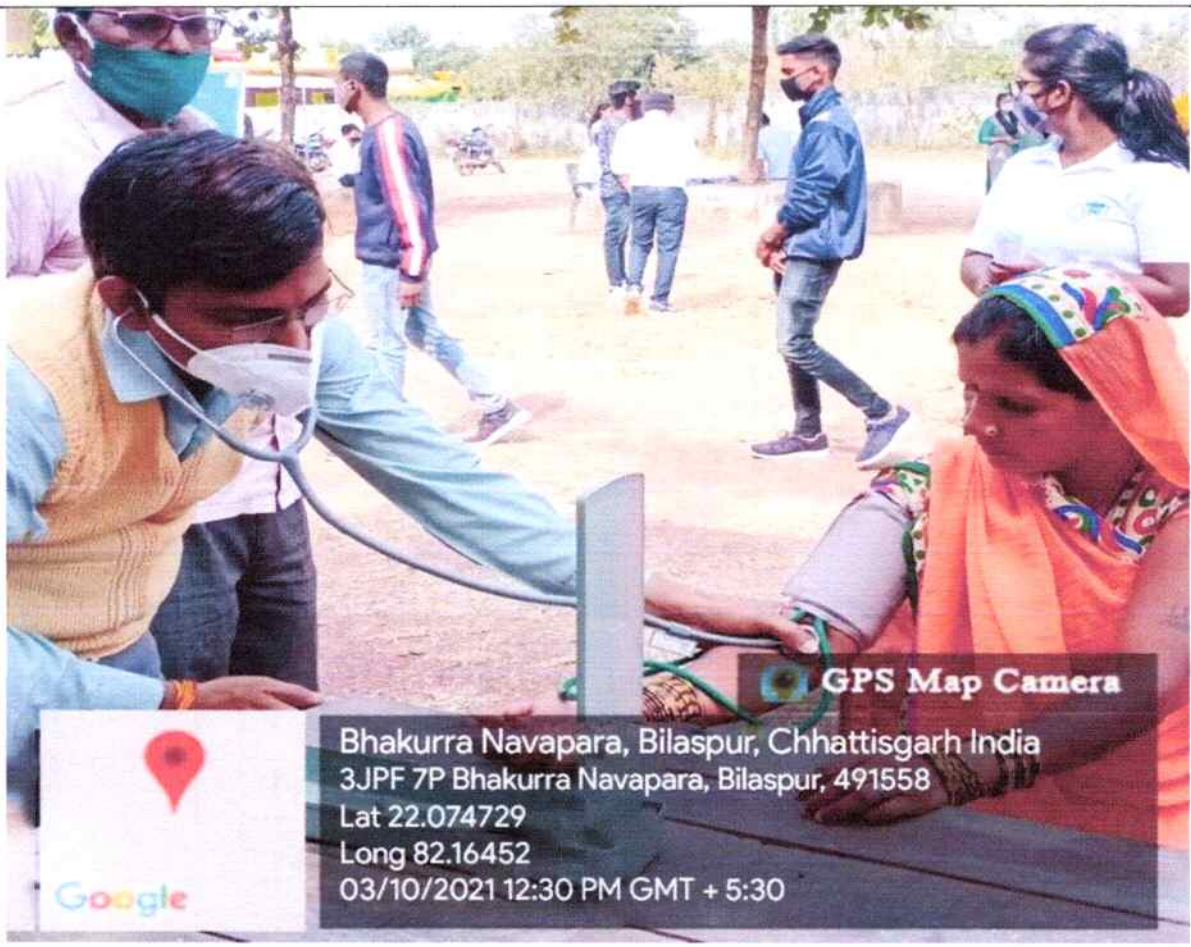

Throughout the programme, emphasis is placed on promoting a healthy lifestyle and encouraging women to prioritize their health and well-being. Information about diet, exercise, and other lifestyle factors that can reduce the risk of breast cancer is provided, empowering women to take proactive steps towards their health.

By organizing the Breast Cancer Awareness Programme at the village level, our college aims to bridge the gap in breast cancer awareness and healthcare access in rural communities. Through education, early detection, and support, we strive to empower women to take control of their health and reduce the burden of breast cancer in their communities.

National Service Scheme of D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) on 03/01/2022 on the celebration of Good will Day. Gave information related to sexual abuse and good touch and band touch. The parents were motivated to keep their children safe from Childs sexual abuse.

Understanding Good Touch - Bad Touch: The motivation camp likely began with an educational session on the concept of good touch and bad touch. Students were sensitized about the importance of recognizing and differentiating between appropriate and inappropriate physical contact, especially concerning children. This understanding forms the cornerstone of safeguarding children from potential abuse and exploitation.

Empowerment through Knowledge: Participating students were empowered with knowledge about the signs and indicators of child abuse. They learned how to identify behaviors or situations that might indicate a child is experiencing inappropriate touching or exploitation. This knowledge equips them to intervene and seek help when necessary, thereby becoming proactive agents in protecting children within their communities.

Legal Framework and Responsibilities: As law students, participants likely received insights into the legal framework surrounding child protection and rights. They learned about relevant laws and regulations pertaining to child abuse and the responsibilities of individuals and institutions in safeguarding children's well-being.

PRINCIPAL
D.P. VIPRA LAW COLLEGE
Bilaspur (C.G.)

This aspect of the camp would have enhanced students' understanding of their role as future legal professionals in advocating for and upholding children's rights.

Communication and Advocacy Skills: The camp may have included workshops or interactive sessions focused on communication skills and advocacy techniques. Students would have learned how to effectively communicate with children about sensitive topics like abuse, as well as how to engage with parents, teachers, and other stakeholders in raising awareness and promoting child safety initiatives.

Role-plays and Scenarios: To reinforce learning and practical application, role-plays and scenario-based activities might have been conducted during the camp. Students would have had the opportunity to practice responding to simulated situations involving potential instances of good touch and bad touch, thereby honing their ability to recognize and address such situations in real life.

Community Outreach and Awareness: Beyond the college campus, participating students may have been encouraged to engage in community outreach and awareness campaigns on the topic of child safety. This could involve organizing workshops or sessions in local schools, community centers, or other relevant venues to educate children, parents, and caregivers about good touch and bad touch, as well as the importance of creating safe environments for children to thrive.

Overall, the "Good Touch - Bad Touch" motivation camp organized by D.P. Vipra Law College reflects the institution's commitment to promoting social awareness and responsibility among its students. By equipping future legal professionals with the knowledge, skills, and empathy needed to address issues of child safety, the college contributes positively to the well-being of society as a whole.

The Soak Pit campaign organized by N.S.S. D.P. Vipra Law College, Bilaspur (C.G.), on January 28th, 2022, at the adopted village of Khondhra, was a proactive initiative aimed at promoting sustainable wastewater management practices and improving sanitation infrastructure in the community.

The campaign focused on the construction and installation of soak pits, which are simple and cost-effective solutions for managing wastewater from households, thereby preventing waterlogging, groundwater contamination, and the spread of waterborne diseases. Soak pits work by allowing wastewater to percolate into the soil, where natural processes help filter and purify the water before it recharges groundwater reserves.

Volunteers from N.S.S. D.P. Vipra Law College actively participated in all stages of the Soak Pit campaign, from planning and preparation to implementation and monitoring. They worked closely with local residents, community leaders, and relevant authorities to identify suitable locations for installing soak pits and ensure proper alignment with local regulations and guidelines.

The construction of soak pits involved excavation of pits of appropriate size and depth, followed by the placement of permeable materials such as bricks, stones, or gravel to facilitate water infiltration. Volunteers also installed inlet pipes to channel wastewater into the soak pits and outlet pipes to allow excess water to drain away safely.

Throughout the campaign, volunteers conducted awareness sessions and training workshops to educate community members about the importance of proper wastewater

Set against the vibrant backdrop of Nehru Chowk, Bilaspur (C.G.), our initiative sought to inspire a sense of curiosity, exploration, and cultural exchange through immersive travel experiences.

Traveling is not merely a leisure activity; it is a transformative journey that broadens horizons, deepens understanding, and fosters personal growth. Throughout the week-long program, participants embarked on a series of educational tours, excursions, and interactive workshops designed to expand their perspectives and ignite their passion for exploration.

They explored local landmarks, heritage sites, and natural wonders, gaining firsthand insights into the rich tapestry of diversity that exists within their own community and beyond.

Moreover, our program emphasized the importance of responsible and sustainable travel practices, encouraging participants to minimize their ecological footprint, respect local customs and traditions, and promote cultural exchange and understanding. Through engaging discussions and hands-on activities, students learned about the role of tourism in economic development, community empowerment, and conservation efforts.

On the occasion of World Day Against Child Labour, the N.S.S. at D. P. VIPRA LAW COLLEGE, BILASPUR (C.G.) is dedicated to the mission of eradicating child labour and empowering vulnerable children to secure a brighter future. With a firm commitment to social justice and human rights, our institute aims to raise awareness and take concrete actions towards the elimination of child labour in our community.

Child labour is a grave violation of children's rights, depriving them of their childhood, education, and dignity. It perpetuates cycles of poverty and exploitation, hindering the overall development of society. Therefore, our program focuses on addressing the root causes of child labour and implementing strategies for its prevention and eradication.

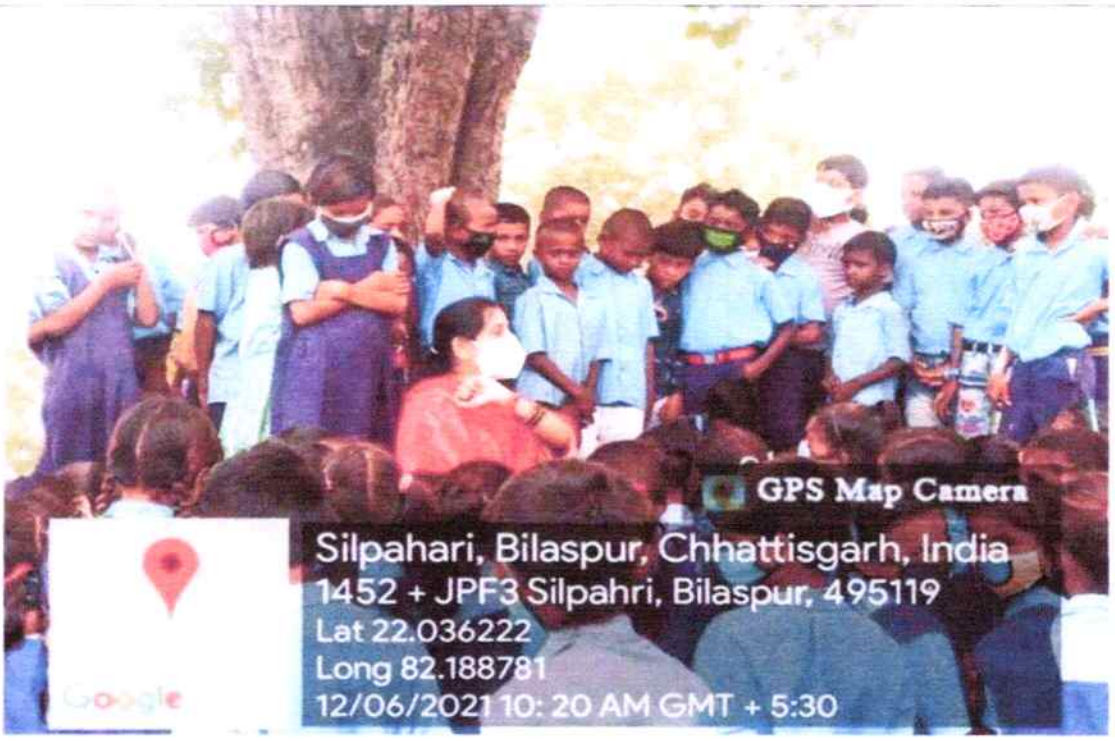

Through informative sessions, interactive workshops, and community outreach initiatives, we aim to educate both children and adults about the harmful consequences of child labour and the importance of protecting children's rights. We will engage with local communities in Silpahri, Bilaspur (C.G.), to raise awareness about alternative solutions and support mechanisms available to families and children vulnerable to exploitation.

Join us on World Day Against Child Labour as we stand united in our commitment to creating a world free from exploitation and injustice, where every child's rights are respected and protected.
